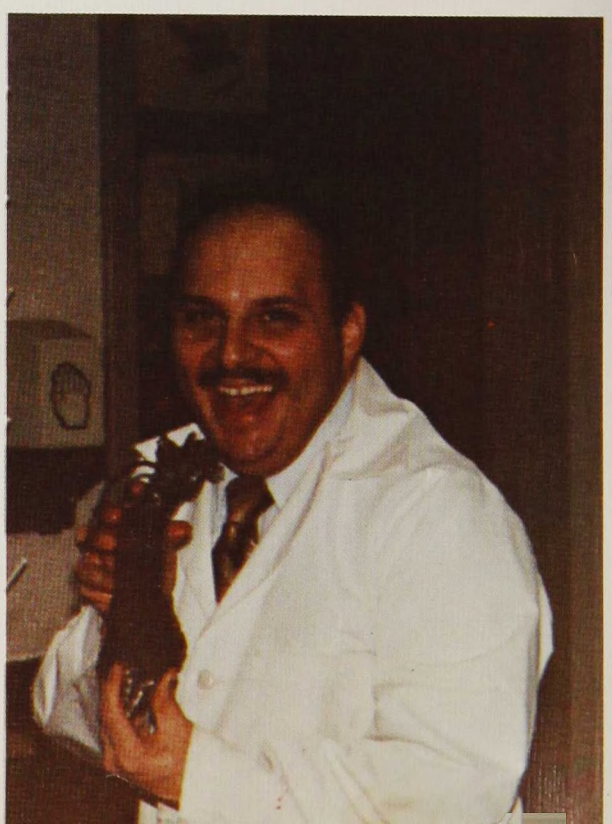
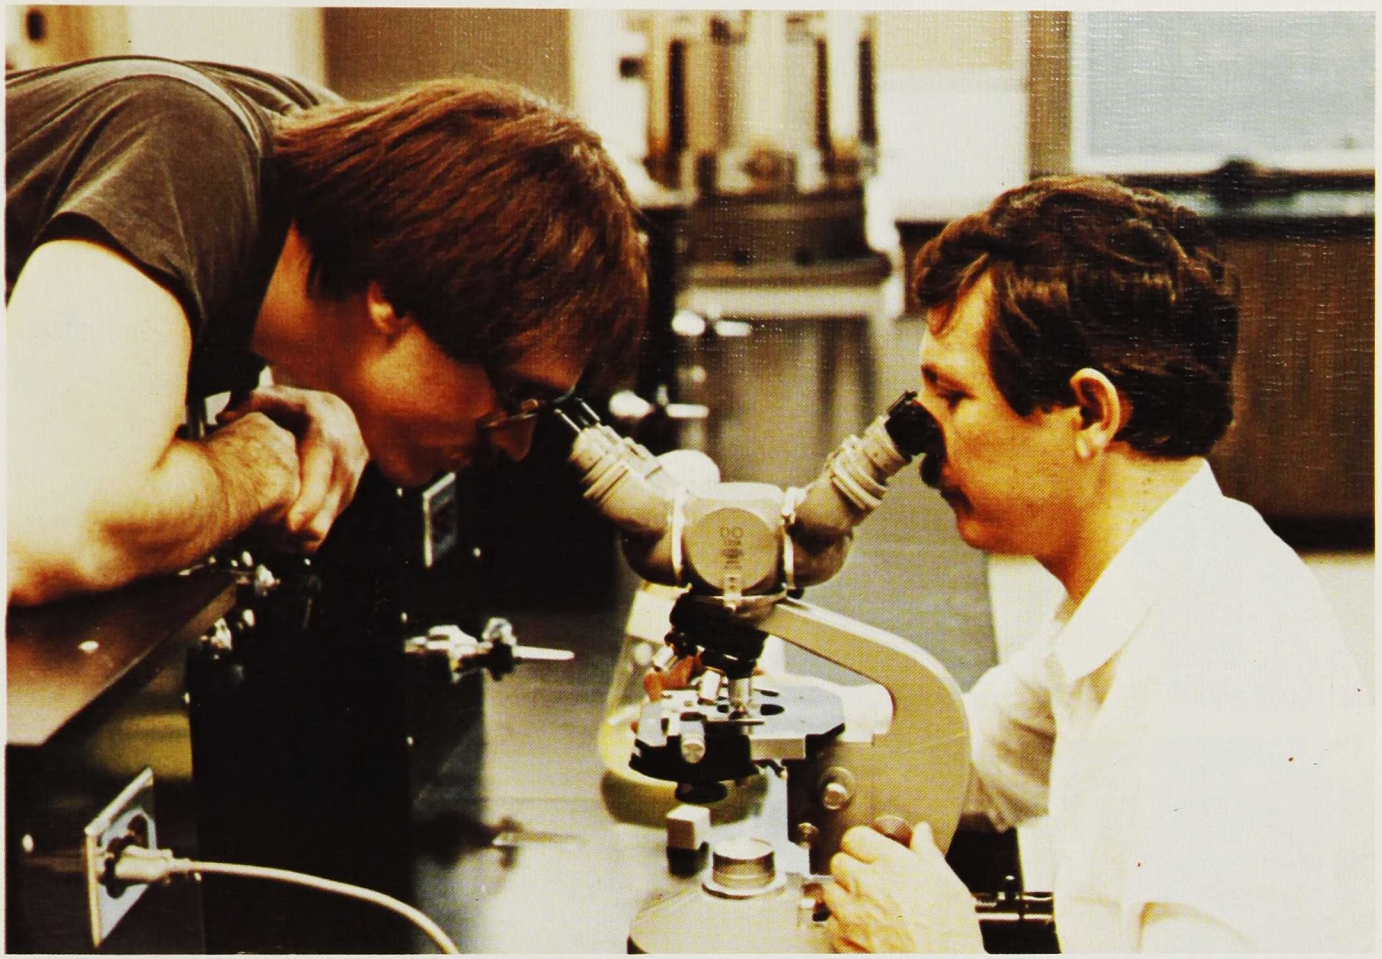
BLOOMFIELD COLLEGE

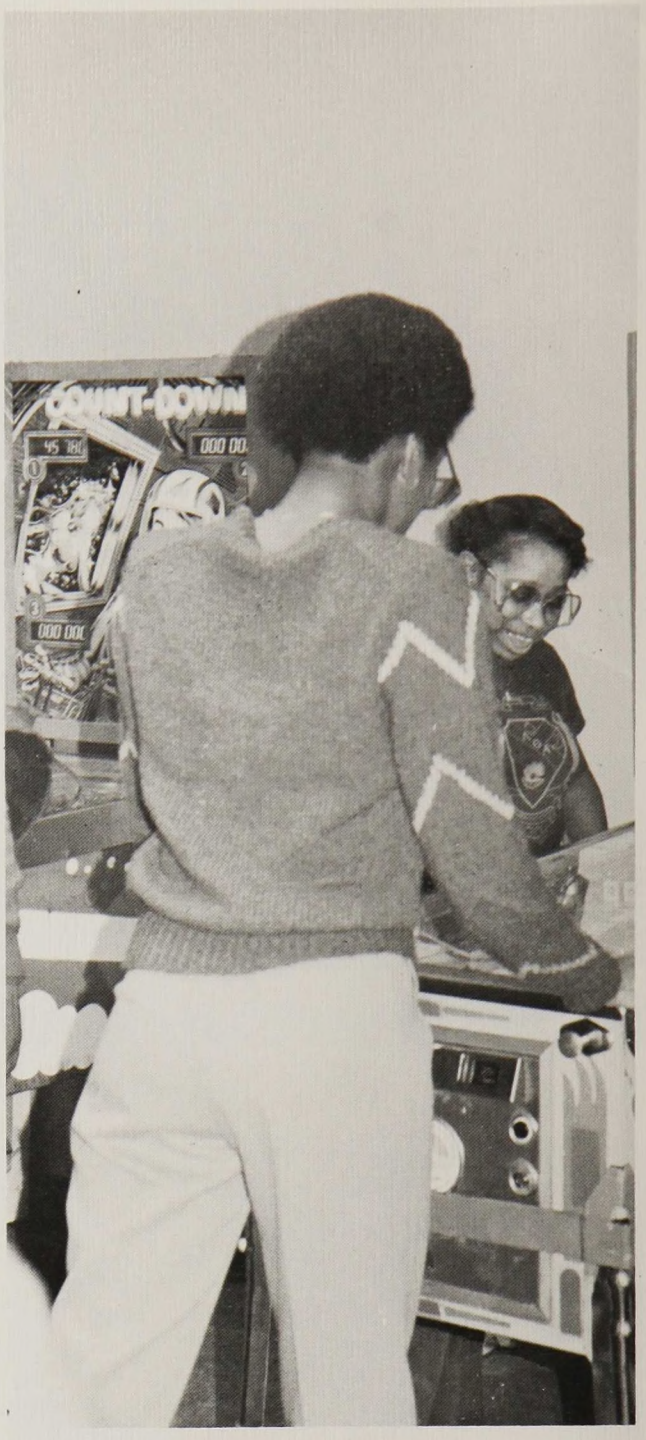
Bloomfield, N.J.

Togetherness at Bloomfield



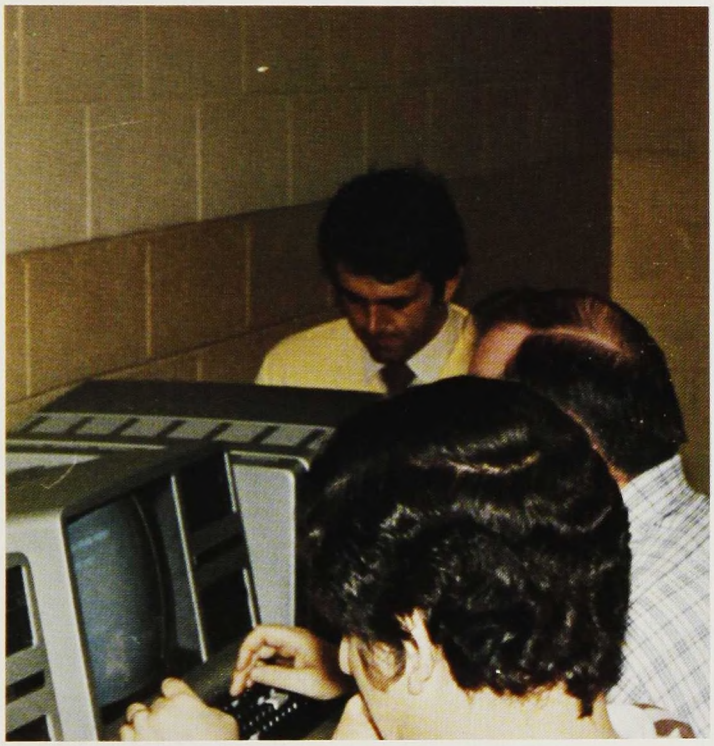


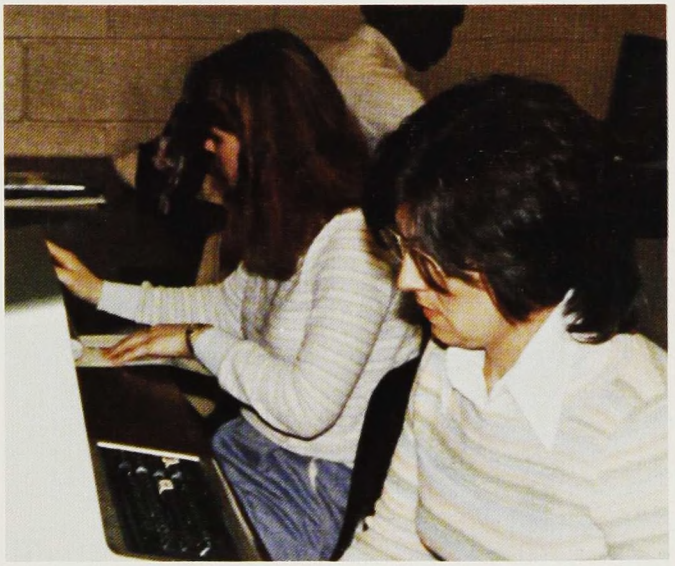
Bloomfield College, as you will see by the pictures on these next few pages is a wonderfully diverse school where students come to enhance their lives and strive for a goal, their personal goal. Each and every student is here for a combined reason, to help gain an advantage in life, an educational advantage.



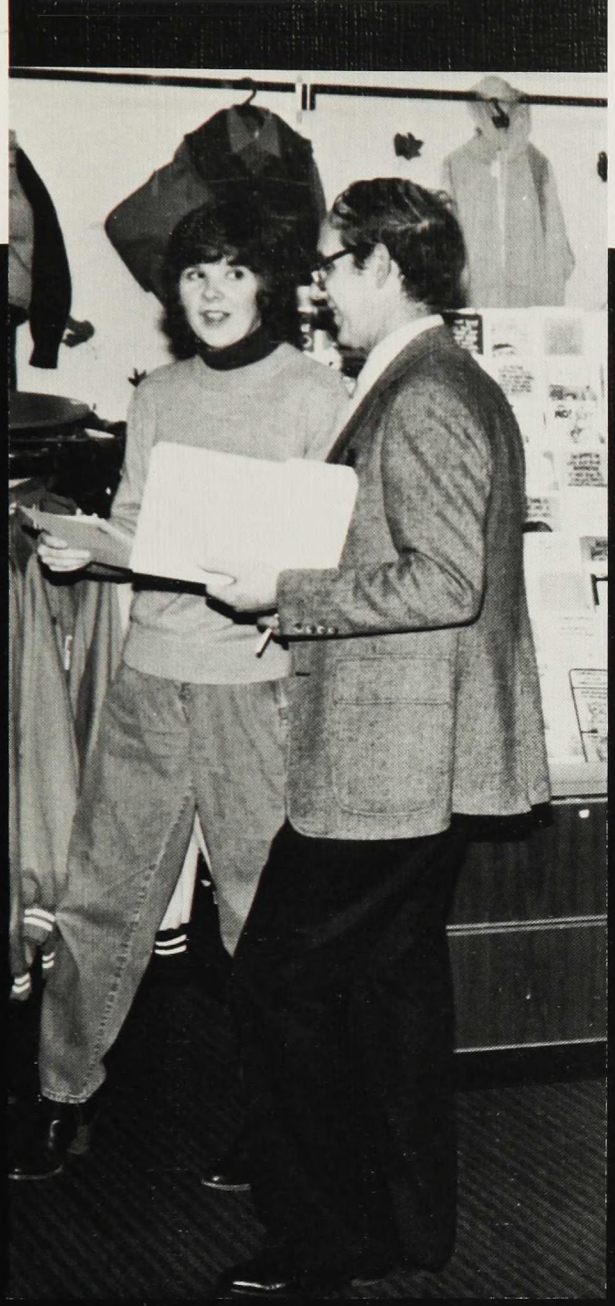
At Bloomfield, we have learned by long hours and hard work, but when the work is over we enjoy the school in a much different way. Every college has it's academics, but once in awhile we get together and have some fun in order to stay coherent enough to really enjoy the college life that is Bloomfield.

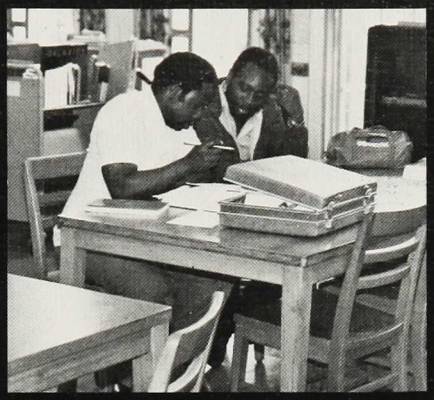
New technology is also part of the college. Along with the people that use the computers comes a yearning to realize what potential you have, and also what future generations of Bloomfield College students will have. Knowledge along with teamwork helps any group of people to get a grasp on what the future really is, it is new ideas and new concepts that help people.

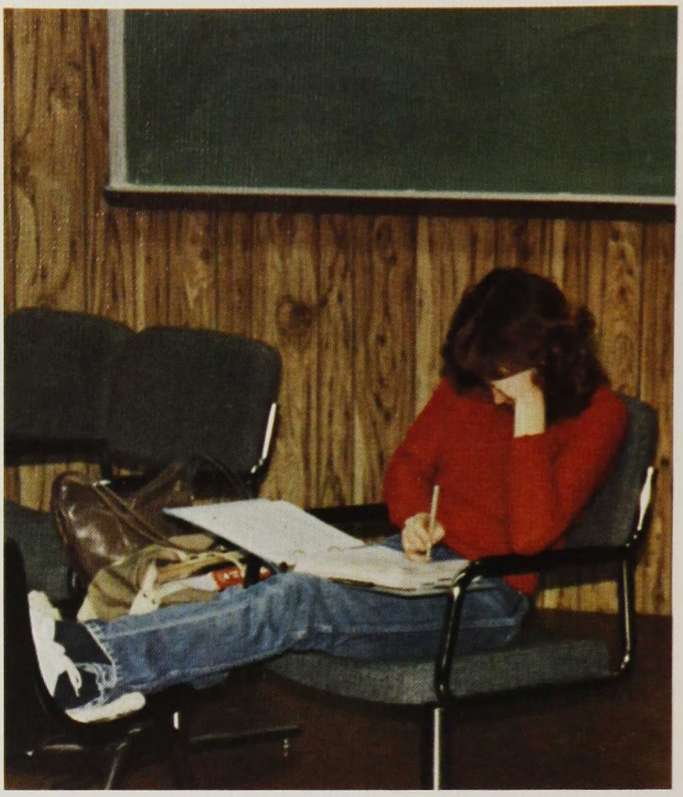


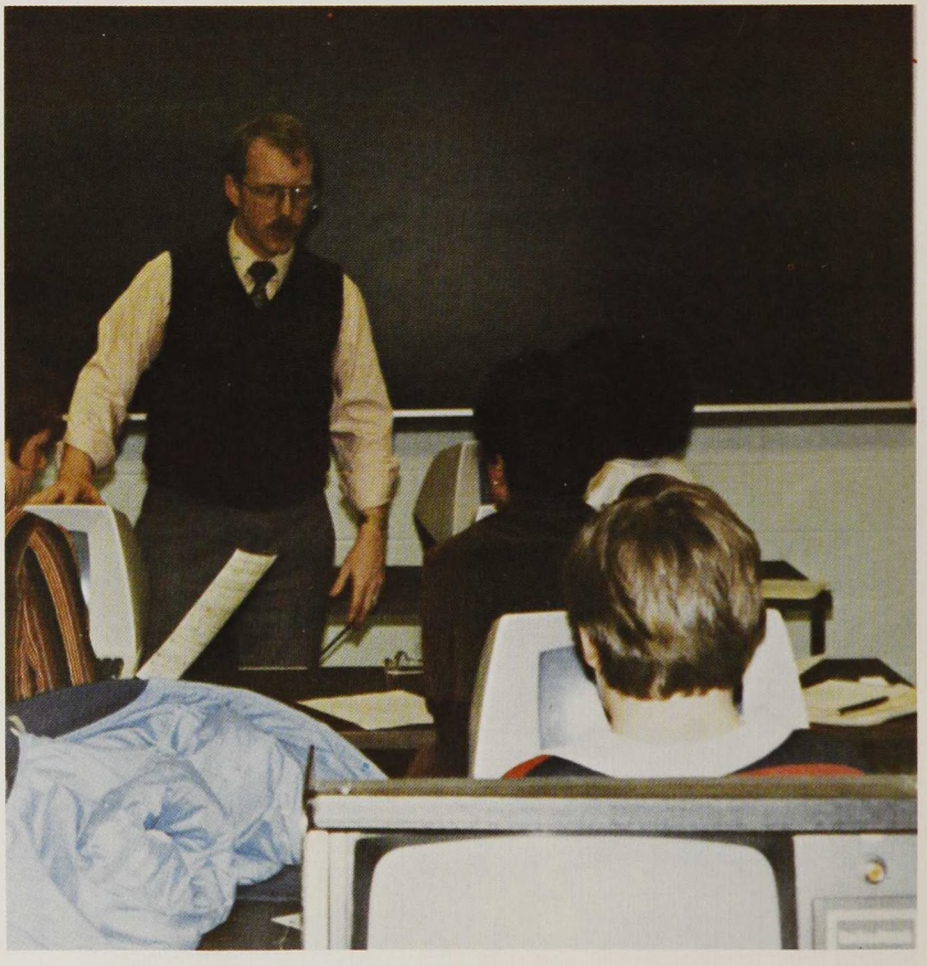


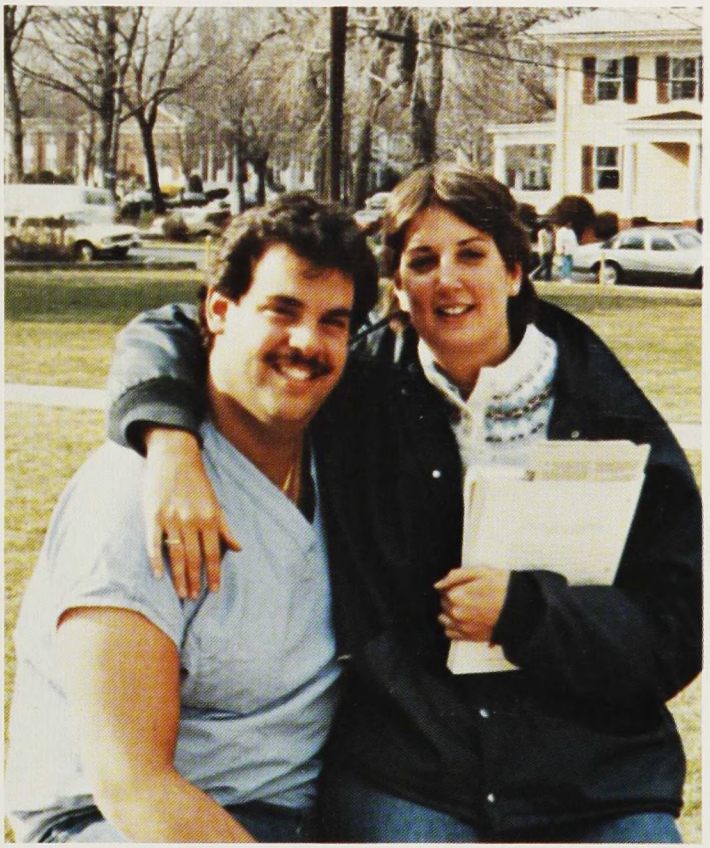
As freshmen at Bloomfield we came to rely on help and guidance, which Bloomfield gave with all of it's resources. The entire staff of the school doesn't only do their assigned task, they are involved in the total school picture. Being sophomores we became more self sufficient and started realizing what we could achieve and what we wanted out of life, a good career or just a greater wealth of knowledge.











As juniors we gained lasting friendships and made plans for the future. Our peers were our source for advice and also guidance. At school, when a friend needed assistance, we didn't question, we helped and through that achieved even a greater sense of security because we know that they will be there in the future when we need some of that special understanding.

Now, as seniors, we are saying goodbye to the hard work and good times, but we can look forward to even bigger and better things. We will summon all the knowledge that we have gained and use it to grow and mature in the world. Again, we all will succeed in one way or another because we learned together so that we could have the educational advantage.

Michael A. Schiro
Special Assistant to the President

DEDICATION

Because of Michael Schiro's fifteen years of service to the college, the 1983 SAGA is dedicated to him. Mr. Schiro came to Bloomfield in 1968 as a Math professor, then in 1974 he became an Assistant Dean; 1975 — Associate Dean; 1977 — Acting Dean of College; 1978 — V.P. for Academic Affairs and Dean of the college; 1983 — Special Assistant to the President. He received his B.A., M.A., from Montclair State College and his Ph.D., from New York University. He is an honarary member of Alpha Kappa Psi (Business Fraternity). Mr. Schiro not only reaches great heights through his work but also through his close association with the students. Mr. Schiro represents our theme in 1983, Togetherness at Bloomfield. We here at the SAGA staff wish Mr. Schiro and his family many happy years at Bloomfield College.
